A fire prevention survey, as defined in Rule0780-2-16.02 of the Tennessee Department of Commerce and Insurance, Division of Fire Prevention Rules and Regulations has been conducted on your property. This was not a building code or fire code inspection. This survey is advisory in nature (i.e., housekeeping and maintenance) and/or was conducted for the purpose of determining building layout and other conditions to aid firefighters if a fire occurs at this location. This survey is not conducted to determine compliance with building codes or fire codes. This survey may result in a fire code or building code inspection.
